

## CV:

### Personal information

**Name: Seyed Ali**

**Last Name: Hosseini**

**Date of Birth: 4691**

**Place of Birth: Bandaregaz**

### Education and Occupation Records:

Retired police specializing in radio connections and wireless centers

Researcher in the fields of electronics, telecommunications, radio communications and electromagnetic waves, radar systems

### Occupation and Academic Education:

I was studying electronics at the Waghefi Technical Conservatory in 2008.

With the beginning of the imposed war of Iraq towards Iran, I Drop the Lesson and hired by police force.

After finishing military training in 1289I was transferred to Tehran police centre and worked.

In 1289 again I passed Theoretical and practical specialized technical training in the field of electronic, telecommunication, and then in 5281 I started my Academic education in Tehran in the field of electronic and telecommunication and obtained my Master degree in telecommunication.

Obtaining a user management certificate for medical equipment and rehabilitation in accordance with ISO 9001 standard.

Establishment of specialized and sub-specialized resonance and bio-resonance training center (teacher) in Iran in 2015.

For the diagnosis and treatment of specific and incurable diseases as follows:

1. Training in the treatment of CP / MS muscle diseases.
2. Training to quit addiction to various plant and industrial narcotics.
3. Training in the treatment of infectious diseases.
4. Training in the treatment of diseases; Liver / kidney / spleen.
5. Teaching different types of fibroids, cysts, lumps, breast cancer in women
6. Diabetes treatment training.
7. Treatment of various types of neurological and mental disorders and hyperactivity in children
8. Training in the treatment of various cysts / tumors
9. Training in the treatment of spinal cord injury patients
10. Training in the treatment of brain dead patients
11. Training in the treatment of AIDS and hepatitis patients

### Occupation records and special skills:

Managing installation and commissioning of telecommunication towers in Tehran Police Center.

Managing the installation of wireless centers in Tehran Police Center.

Management of telecommunications repair department of NAJA Marine Service and Maintenance Department.

Technical and Professional Organization Coach for 9 years.( teaching courses in the field of Introductory Electronics .

Industrial Electronics

Primary electricity

Second-class building wiring

Industrial electricity

Phone Repair Training

Maritime telecommunications to prisoners in Boushehr for several years.

In 1229 Managing Director and Technical Manager of Jahan Ertebat Elham Institute in boushehr for 8 years.

Director of setting up the Electronic and Telecommunications Research Centre for Jahan Ertebat Elham Institute.

After 4 years researching (from 1225 to 1221) finally, in 1221 for the first time in world I was successfully able to design and build software and hardware PCC for control over supervision naval traffic notification of insiders at the time of naval war. The project was later named ID Cod, which was used on the buoys.

After a while, this technology was stolen by indigenous people and Transferred out of Iran and internationally installed and used on all marine buoyancy systems under the name of GM DSS and became an International law.

In 1229, for the first time in world I Successfully designed and manufactured wireless protection devices, radar and other telecommunication devices manufactured by Alamin Communication brand with Iran, Bushehr address and presented to domestic and foreign markets. By using and installing this device, telecommunication devices will not be damaged or fired in the vessels.

Delivery of marine wireless and close cooperation for issuing and obtaining wireless marine vessels licenses in all areas of the South.

Managing Director and Technical manager and chief Officer of Electronic and Telecommunication Research Center of Ertebat Alamin Institute in Bushehr from the beginning of 9222 for a decade.

Applied Training of Navigation Assistant to the owners of marine vessels in most areas of the south of the country.

Technical manager and chief Officer of Electronic and Telecommunication Research Center of Fattah Telecommunication company in North of Iran branch.

Reduction of reactive power consumption Made in several models and several hospitals including Oil Company Hospital installed and launched.

And we have provided technical calculation and presentation to Iran Khodro Company and several factories optimization and energy reduction project.

Manufacturing and sale of several electrical dimming panels to South Pars Bushehr delivered and installed.

In 1391, in the power generation sector from sunlight and wind and current movement, we commercially designed and then mass-marketed and marketed them.

In 1391 after 22 years of massive researches (from 1229 to 9259) after one decade we succeeded in inventing devices as follows and is ready to deliver

- 1- Radar tracker for all types of drugs
- 2- Radar Detector and Detection of Remote Drug Addicts
- 3- bomb and Remote explosive materials detector radar
- 4- all kind of alcoholic drinks detector radar
- 5- remote radar detector of Human dead finder and survivor
- 6- Complete mine-finding radar with a radius of 9122 to 1222 meters and a useful depth of 912 to 9122 meters
- 7- Underground aquifer radar with a radius of 9122 meters to a depth of 812 meters
- 8- Radar detecting a variety of diseases and therapists for patients

In 9259 launching the most equipped complementary medicine clinic, including bio electrolysis and bio resonance/ traditional herbal medicine and diagnostic laboratory with CT scan and MRI

In 2018 and 2019 holding many classes in bio electrolysis and bio resonance medicine training

The therapeutic outcomes of patients by bio electrolysis and bio resonance are as follows

1-HIV and hepatitis patients within three weeks .

2-General, Muscle, Prostate, Liver, Kidney, Lung Biliary, Lymphatic and Thyroid Patients, Chemical 1 to 2 sessions

3-Dibetic patients 1 to 4 month with 70% improvement

4- Congenital Patients with Muscle and Cerebral Palsy 3 to 6 month with 65% improvement

5- Brain death patients 9 to one year with 75% improvement

6- Spinal cord injury patients 6 month to 3 years with 65% improvement

7- MS/CP patients and... 6 to 18 month with 65% improvement

Research projects which are completed, are in the patent scheduling and will be available in the coming years, are as follows:

### **In the offshore sector, Hunting and fishing**

Flock collector within a radius of 122 meter to 5 km

### **In the horticultural and agricultural sectors**

Water Supply by Magnetic Filter to Eliminate Root Pests of Fruit Plants and Trees

Amplifier of agricultural land by radio waves and magnetic pulses

Disposal of harmful insects and animals and elimination of pests of plants and fruits by magnetic radiation

pulses

Early yields and strengthening of crop and tree crops (early crop growth and crop growth)

### **In the livestock sector**

Eliminates livestock diseases by magnetic radiation pulses

Breast Milk Booster by Magnetic magnetic radiation pulses

Remove Bee Diseases and Boost Bee honey producing by magnetic radiation pulses

### **Projects under investigation**

Disinfection of saline water by UV and UV radiation and electromagnetic waves .

With respect  
Mr Hosseini

## **ANCCP ACADEMY**

This is to certify that

***Seyed Ali Hoseini***

Has successfully attended a training course under the subject of ;

***User Management For  
Medical and Rehabilitation Equipment  
According To Iso 9001 Standard***

CERTIFICATE  
OF TRAINING

End Date: 24 April 2019 Duration: 50 hrs. Gorgan - Iran

Registration Code : 84293500 National Code : 2249649286

This Training Course Conducted by Fattah telecommunication research company In partnership with  
Health help non governmental Organization and Registered by ANCCP ( Iran Representative. )

You can check currency of this certificate on [www.anccpacademy.com](http://www.anccpacademy.com) - ANCCP Academy representative in Iran.

Signed By:
